RIDERSHIP

SAFE ROUTES TO TRANSIT

Current stop condition near 1987 Mt Zion Rd after a recent amenity installation

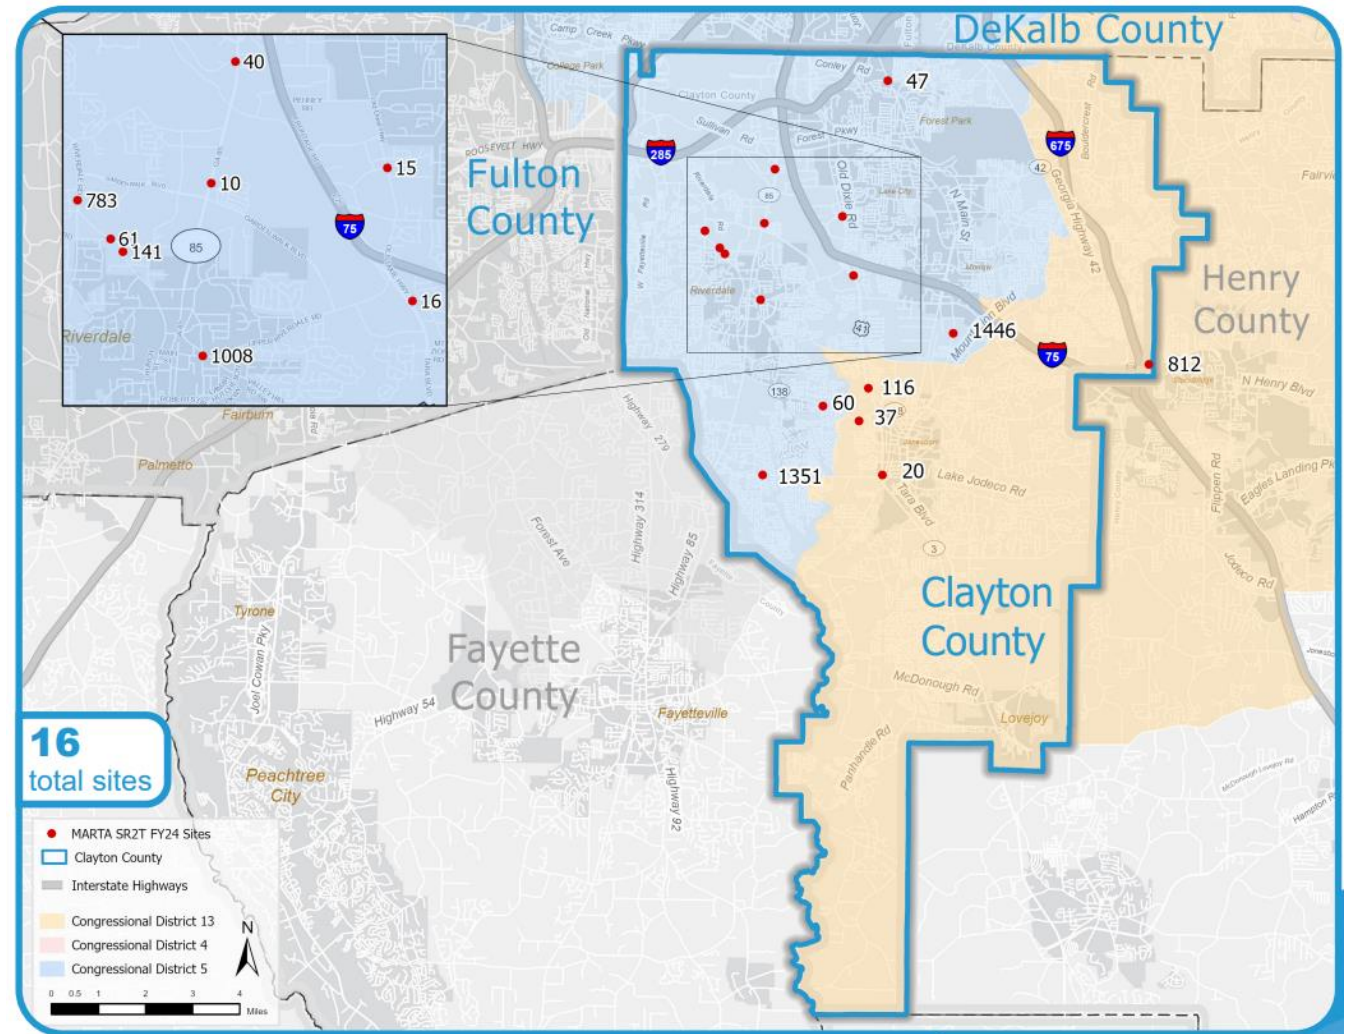

Overview of current pedestrian conditions near the stop

This program, presently in planning, improves pedestrian conditions near high ridership bus stops. At this location, we will be looking into:

- ✓ Adding sidewalk and ADA ramps to connect the new shelter to the intersection
- ✓ Mark the crosswalks to increase visibility or crossing locations by vehicles
- ✓ Reduce the crossing distance and vehicle turning speed at corners to provide a safer crossing environment.

SAFE ROUTES TO TRANSIT

- ✓ The SR2T program is funded for 2 cycles across our service area.
- ✓ 2024: Clayton County and MARTA selected and designed 16 sites for Cycle I
- ✓ November 2024: Clayton and MARTA kicked-off the 2nd cycle of the program selecting and designing sites.
- ✓ 2025: MARTA will initiate the procurement process to select design-build vendor.

MARTA STOP MOVE

Bouldercrest Road

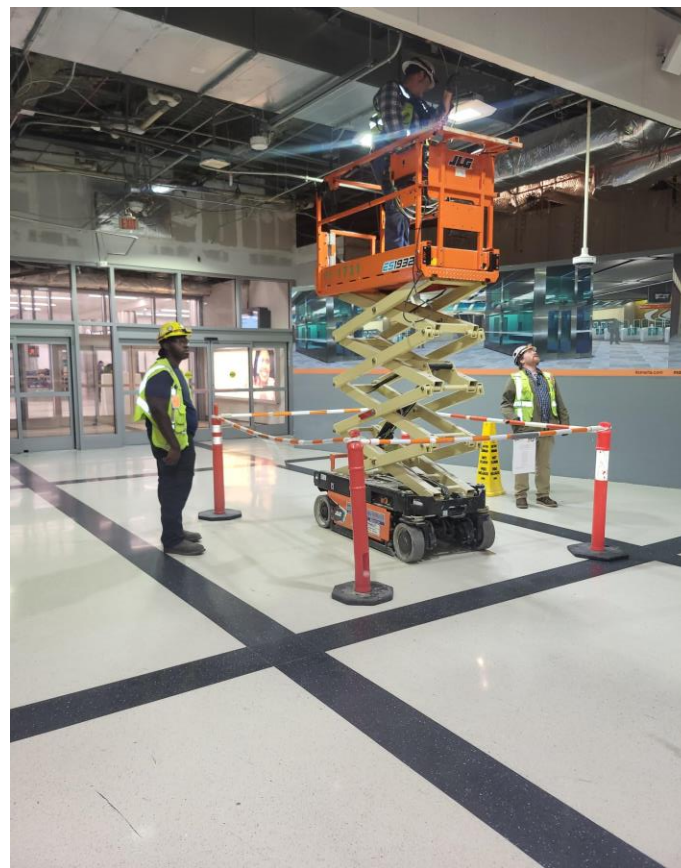

- ✓ A Clayton County constituent requested the removal of a MARTA bus stop to Commissioner Reaves.
- ✓ The MARTA bus stop team posted an alert notice to customers and received no concerns with the removal.
- ✓ The stop was removed from outside the constituent's home.

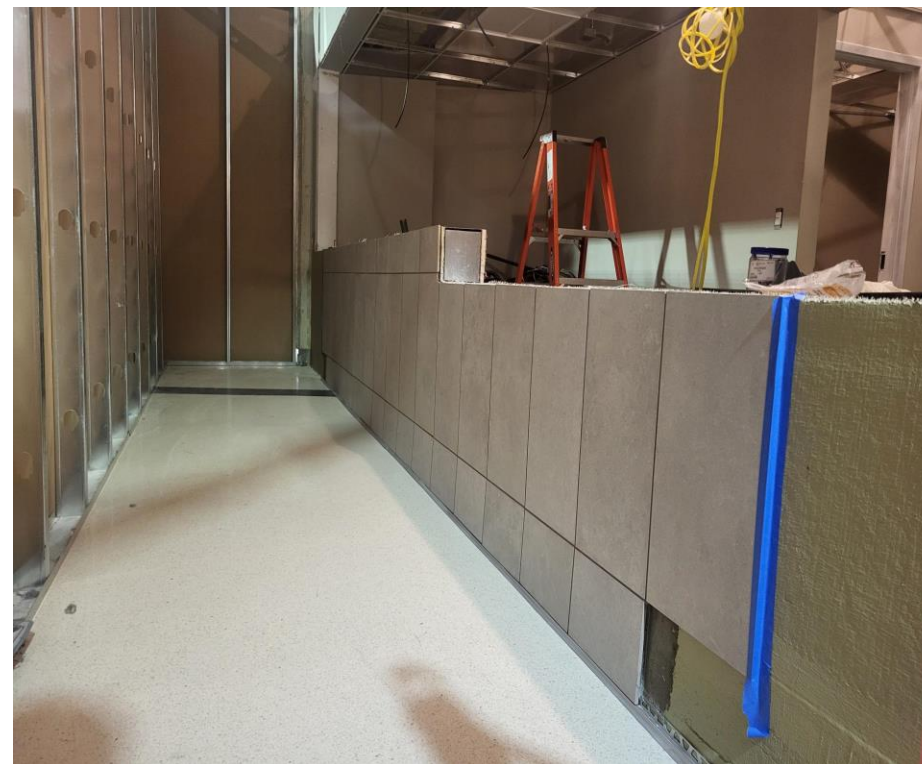

AIRPORT STATION

Mural by Michael Jones

Wiring for new Ride Store

Wall tile installation

Investment: \$55M
Target Completion: Spring 2026
